Fillable Show Forms

The forms in this package can be completed on-screen. They will keep a running total for all items entered and will calculate the total amounts to send in. The forms may be printed and completed by hand, but you will have to do all the calculations!

Notes!

1. **Navigating through the forms** – tap in the first field to fill in or position your mouse over it and click, then type in your information; to go to the second field, tap the field or use the Tab key or reposition the mouse and click. With a standard keyboard, use the Tab key to move sequentially through a form; tap or mouse click to skip a block of fields that are not needed.
2. **Calculation of Fees** -
 - Entry Form: You will have to add up the class fees for each line of classes that you are entering; the form will then add that amount to the Total Class Fees line below, and calculate the Total Entry Fees.
 - Stabling Form: Enter the number of stalls of each type that you need; the form will calculate the correct amounts owing.
